

# WELCOME TO THE *Bay House* AT DAUPHIN ISLAND

## About Us

ALICIA LUECHTEFELD

About 10 years ago, my parents bought a condo here, and we quickly fell in love with the island. My husband, myself and our three kids live in southern Illinois, but this place was worth every car ride. This quiet island brings endless outdoor family activities that kept us constantly entertained. Here, we gave some of our favorite ways to spend our time on the island!
